

URV SERIES CABLE HANDLER

OVERHEAD MOUNT
(Shown with unit interface bracket only)

FREE STANDING
(shown with optional 18inch mounting stand)

This product was manufactured in a plant
whose quality management system is
registered to ISO 9001:2008.

APPLICATION:

Since its beginning in 1960, Unitron has specialized in the design and development of reliable solid-state power systems. Through an innovative design, advanced self-diagnostic systems (BITE) and modular construction, Unitron products assure maximum power availability and minimal repair time.

The URV Series includes cable handling solutions in over head applications such as under passenger boarding bridges and in maintenance hangars. The URV Series also come in free standing installations.
